

Ester Brewda performed at our Association AMIA (Buenos Aires, Argentina) last July 31st, 2010 an international vocal show with a variety of songs in six languages (Ladino, Hebrew, Yiddish, French, English, and Spanish.) She has a wonderful voice, a very unique timbre with an outstanding stage presence. Her musicality is warm and generous.

We were lucky to have you and see the joy from the audience at the end of your concert.

We wish to hear and see you in the future.

Our best wishes in your career.

Fondly,

MOSHE KORIN
